Akerele, Olayiwola: Towards the utilization of traditional medicine in national health services, 2

Basch, Paul F.: Schistosomiasis in China: an update, 17

Chan, Mo-Yin: see Dai, Soter
Chen, Gongbai, Shengchang Li and Chengchuan Jiang: Clinical studies on neurophysiological and biochemical basis of acupuncture analgesia, 84
Chen, Ho-Chan and Ming-Tsuen Hsieh: Two-year experience with "San-Huang-Hsieh-Hsin-Tang" in essential hypertension, 51
Chen, Ho-Chan and Ming-Tsuen Hsieh: Hemodynamic effects of "San-Huang-Hsieh-Hsin-Tang" in patients with essential hypertension, 153
Chiou, George, C.Y.: see Lei, Xun-Lan

Dai, Soter, Mo-Yin Chan, Shiuh-Sheng Lee and Clive W. Ogle: The antiarrhythmic effects of sophora flavescens ait. in rats and mice, 119

Finkelstein, Y.: see Sternfeld, M.

Hai, E.: see Sternfeld, M.
Haranaka, Ruriko, Naoko Okada, Hiroshi Kosoto, Shigeru Ohwada, Mosaburo Kobayashi and H. Yoshida: Pharmacological action of hachimijiogan (Ba-wei-wan) on the metabolism of aged subjects, 59
Hod, I.: see Sternfeld, M.
Hsieh, Ming-Tsuen: see Chen, Ho-Chan

Ikezono, Etsutaro: see Yoon, Sook Hyang
Ishikawa, Yo: see Shiki, Yasuko

Jiang, Chenchuan: see Chen, Gongbai

Kobayashi, Mosaburo: see Haranaka, Ruriko
Koga, Yashihisa: see Yoon, Sook Hyang
Kosoto, Hiroshi: see Haranaka, Ruriko
Kuan, Ting-Kuo, Shih-Pei Lee, Juang-Geng Lin and Mason Shen: The effect of needle stimulation of acupuncture loci Tienshu (St-25) Chung-Wan (CV-12) on the immune response in sensitized mice against experimental cholera, 73
Kuo, Constant: Successful treatment of complete left bundle branch block complicating acute viral myocarditis, 124
Kwok, John S.L.: see Yang, Mabel M.P.

Lee, Shih-Pei: see Kuan, Ting-Kuo
Lee, Shiuh-Sheng: see Dai, Soter
Lei, Xun-Lan and George C.Y. Chiou: Studies on cardiovascular actions of Salvia miltiorrhiza, 26
Lei, Xun-Lan and George C.Y. Chiou: Cardiovascular pharmacology of panax notoginseng (Burk) F.H. Chen and salvia miltiorrhiza, 145
Li, Shengchang: see Chen, Gongbai
Lin, Juang-Geng: see Kuan, Ting-Kuo

Mahdihassan, S.: Salvaging the ancient doctrine of cosmology as contribution to modern science, 11
Mahdihassan, S.: Blood as the earliest drug, its substitutes, preparations and latest position, 104
Matsumoto, Isao: see Yoon, Sook Hyang
Meckes-Lozoya, M. and R. Roman-Ramos: Opuntia streptacantha: a coadjutor in the treatment of diabetes mellitus, 116

Nakajima, Shiro: see Yukizaki, Hideki
Nakashima, Keiichiro: see Haranaka, Ruriko

Ogle, Clive W.: see Dai, Soter
Ohwada, Shigeru: see Haranaka, Ruriko
Okada, Naoko: see Haranaka, Ruriko

Roman-Ramos, R.: see Meckes-Lozoya, M.

Subject Index

Acupuncture, effect on
human cortical somatosensory evoked potential, 91
human C.S.F. levels of endorphine-like substance, 92
later major positive wave of cortical evoked potential, 92
bacterial agglutination titers in sera of mice, 80
immune response in experimental cholera, 73
leukocytes and lymphocyte counts, 77
treatment of morphine addiction, 47
treatment toward the rejection of deeply implanted foreign body, 96
the spinal ascending pathway of somatosensory volley by, 84
Acupuncture analgesia,
the human amygdala in, 89
the human caudate nucleus in, 87
the human thalamus in, 90
clinical studies on neurophysiological and biochemical basis of, 84
Acupuncture and amygdala stimulation,
effect on changes of pain threshold and endorphine contents, 89
Acupuncture and caudate stimulation,
effects on cortical evoked potential, 88
Acupuncture points,
use in treatment of tension headache with injecting anti-inflammatory drug, 171
specific irritability as early symptom of multiple sclerosis, 175
Antiarrhythmic effects of *sophora flavescens ait.*, 119

B.C.L. (Korean herbal medicine) and immune response in mice, 33
Blood as the earliest drug, its substitutes, preparations and latest position, 104
Blood pressure, effects of atropine, prepranelol and chlorpheniramine on salvia miltiorrhiza responses on, 29
Blood pressure and heart rates, effects of Salvia miltiorrhiza, 28

Chinese herbal medicine, in treatment of complete left bundle branch block complicating acute viral myocarditis, 124
Chinese herbal medicine, *Hachimijiogan*, effects on estradiol-17B and spermatogenesis in oligozoospermia, 37
Chinese herbal remedies for treatment of complete left bundle branch block complicating acute viral myocarditis, 125
Chinese herbs, effects on morphine addiction, 47

Cosmic elements of Greek and Indian system, 14
Complete left bundle branch block complicating acute viral myocarditis, treatment by Chinese herbal medicine, 124
Cosmology: ancient doctrine as contribution to modern science, 11
Cardiovascular actions of salvia miltiorrhiza, 26

Diabetes mellitus, use of opuntia streptacantha in treatment of, 116

Electroacupuncture, effects on tooth pain threshold, 68
Essential hypertension, effects of *San-Huang-Hsieh-Hsin-Tang* on, 153

Fundamental humours in Greek and Islamic medicine, 13

Glycyrrhizin,
effect on lysosomes labilization by phospholipase A_2, 131
effect on stability of lysosomes in the rat arterial wall, 138
Gossypol,
effects on the immunological response in mice, 112
effects on pregnancy and embryofoetal development in mice, 111
the embryotoxic and immunodepressive effects of, 110

Hachimijiogan,
effects on cholesterol and triglyceride, levels in the mice liver, 61
effect on estrogen and progesterone secretions, 161
effects on fertility index, 39
effects on glutathione metabolism, 61
effects on metabolism of aged subjects, 59
effects on spermatogenesis in patients with oligozoospermia, 38
the main components of, 38
pharmacological actions of, 15
Humorology, ancient doctrine of, 15

Keishibukuryogan,
effects on estrogen and progesterone secretions, 161
main components of, 163

Morphine addiction, treatment by acupuncture, 47
Morphine withdrawal behaviors, effect of endogenous opioid peptides on, 48
Multiple sclerosis, changes sensitivity of acupuncture points, 175

Opioid peptides, effects on treatment of morphine addiction, 47
Opuntia streptacantha, in treatment of diabetes mellitus, 116

Palpation techniques in pulse diagnosis, 179
Panax notoginseng (Burk) F.H. Chen, effects on blood pressure and heart rate in anesthetized rat, 149
Pregnancy and embryofoetal development in mice, gossypol effects on, 111
Pulse diagnosis, an objective method of, 179

Salvia milthorrhiza,
cardiovascular actions of, 26
effects on blood pressure and heart rate in anesthetized rabbits, 147
effects on blood pressure and heart rates in anesthetized rats, 28
San-Huang-Hsieh-Hsin-Tang,
effects on essential hypertension, 51
effects on liver function tests, 54
effects on plasma norepinephrine and Hamilton anxiety scale. 54
effects on serum cholesterol, 54
effects on serum triglyceride, 54
effects on blood pressure, heart rate and cardiac output, 154
hemodynamic effects on blood pressure, heart rate and cardiac output, 53
hemodynamic effects of, 153
Schistosomiasis in China, 17
Sophora flavescens ait., antiarrhythmic effects of, 119

Te-chih, 177
Tension headache, treatment by anti-inflammatory drug injected into acupuncture point, 171
Tokishakuyakusan,
effects on estrogen and progesterone secretions, 161
main components of, 163
Traditional medicine,
approaches for developing policies on, 3
good policy to support the use of, 3
in national health service, 2
lessons from past experience, 4
list of principle investigators for the development of country case studies commissioned by WHO, 9
some guiding principles for future action on, 7

Wen-Jing-Tang, a Chinese herbal medicine, effect on luteinizing hormone, 157
